Research and Innovation

The Dallas Regional Chamber maintains a robust and dynamic research and innovation program that is a recognized voice for the Dallas region’s business community.

Priorities

- Ensure that DRC leaders, the larger business community, and other decision makers have ready access to information resources that support economic development, public policy, education & workforce, talent attraction, and other strategic initiatives.
- Create research products that tell the “DFW Story,” including the breadth, quality, and successes of the DFW community, locally, nationally, and internationally.
- Support the launch and growth of innovation activities by connecting entrepreneurs, innovators, researchers, and the business community.
