

## Economic Development Services

The Dallas Regional Chamber (DRC) is committed to promoting prosperity through sound public policy, focused economic development, education, and member engagement. The DRC's economic development program works directly with companies, location consultants, and local and state allies to market the region and attract new and expanding corporations. We serve as a single point of contact for companies, site selection consultants, and corporate real estate executives examining the region.

## Research and Innovation

The Dallas Regional Chamber maintains a robust and dynamic research and innovation program that is a recognized voice for the Dallas region's business community.

### Priorities

- Ensure that DRC leaders, the larger business community, and other decision makers have ready access to information resources that support economic development, public policy, education & workforce, talent attraction, diversity, equity & inclusion, and other strategic initiatives.
- Create research products that tell the "DFW Story," including the breadth, quality, and successes of the DFW community, locally, nationally, and internationally.
- Support the launch and growth of innovation activities by connecting entrepreneurs, innovators, researchers, and the business community.
