

# Major Companies and Headquarters

The Dallas-Fort Worth region is a magnet for corporate headquarters and major company operations, attracting 22 Fortune 500 company headquarters as of 2021 (AECOM will be added to the list for 2022) and 45 headquarters among the Fortune 1000.

A diverse group of household names such as Texas Instruments, AT&T, American Airlines, Kimberly-Clark, Toyota, and McKesson call the region home, reflecting the area's strong fundamentals when it comes to workforce, access, and cost of doing business.

The region's corporate powerhouse companies are distributed throughout Dallas-Fort Worth, an indication of the strength, depth and breadth of the workforce, and ease of navigation between cities and corporate centers.

Scanning the roster of major employers located in DFW, it's easy to see the diversity of the business community, from high-tech industry leaders, telecommunications, logistics, and finance to consumer brands that impact the daily lives of households across the globe.

Dallas-Fort Worth's diverse base of employers drives the region's economic strength, so that growth is possible even during downturns in the business cycle or other economic disruptions.

## A Critical Mass of Headquarters and Significant Operations

### Construction

AECOM  
 Andres Construction Services  
 Austin Industries  
 Balfour Beatty  
 Beck Group  
 Brandt
