

# Nonstop Flight Times From Dallas-Fort Worth

The Dallas-Fort Worth region is globally connected. Dallas Fort Worth International Airport is the second-most internationally connected airport megahub according to OAG Aviation Worldwide, and is the fifth-busiest international airport by seats.

Airport after suspending the route in summer 2020, and will increase the frequency of travel to Rome and Paris in summer 2023.

In fact, DFW Airport netted many new domestic and international flights in 2022, or restarted routes that were suspended as a pandemic response. Recent highlights include:

- American Airlines launched service to Auckland, New Zealand, in 2022 after a two-year delay due to COVID. New flights were established to Melbourne, Australia, and Helsinki, Finland. And the resumption of service to Shanghai is scheduled to begin in March 2023.

- In 2022, American Airlines announced that it will resume service to Tokyo Haneda

- Air France, Turkish, Finnair, and Iberia all added international routes flying out of DFW Airport in 2022 bringing the total number of

long-haul flights close to 2019 levels.

- Southwest Airlines services 69 markets out of Love Field in Dallas, including two destinations - Oakland and Long Beach - not served by DFW Airport.

The number of nonstop flights from Dallas Fort Worth International Airport and Love Field provides travelers with plenty of options as well as convenience. New international routes, more carriers, and increases in air service destinations confirm DFW's place as a global super hub.
