

# International Companies

The Dallas-Fort Worth region is home to an impressive group of foreign-based subsidiaries, hosting North American headquarters or major operations. International corporate investment in the region reflects the strength and diversity of the DFW economy and stellar access to U.S. and global markets by ground or air, especially through Dallas Fort Worth International Airport. In 2023, Financial Times ranked three DFW cities—Plano, Irving, and Dallas—among the top five best U.S. cities for foreign multinationals to do business.
