Accolades

Dallas—Fort Worth is one of the top regions in the nation for business, thanks to a low cost of living, business-friendly environment, strong base of well-educated and skilled employees, and robust access to both U.S. and international markets through its transportation network.

Year after year, the region’s selling points are lauded by business experts at respected publications, including Bloomberg Businessweek, Forbes, Fortune, and Site Selection Magazine.

Key metrics tracked by the Federal Reserve Bank of Dallas, which covers an area that includes Texas, northern Louisiana, and southern New Mexico, show the region to be among the strongest in the country.

Additionally, the communities comprising the Dallas—Fort Worth region are consistently ranked among the top places to work, the best places to live, and the best places for investment.

“Dallas is just such a great place for travel, for the resources in the community, the talent you can draw on...prior to relocating we offered every single person in our company a weekend trip, and we flew them to Dallas with their families...That was probably part of our success.”
